(Make Checks payable to Elks International)

The Rally is scheduled from Sunday March 13th through Thursday March 17th. Due to the size of the Pima Fairgrounds, it will be necessary to move to a dry camping lot on Thursday morning.

While investigating the activities in the area I found there to be some special interest activities. They may not appeal to many members so I am willing to set them up separately, as an additional cost item if you desire to attend. The activities will be scheduled on the Friday and Saturday that we are spending in the dry camping area, outside of the planned Tri-Chapter Pre-Rally. We can set up car pooling in order to save fuel.

Please add the payment to the Registration from Page 1

	<p>Option 1 Titan Missile Museum (the first 26 persons that sign up)</p>	
---	---	---

MUST be able to climb 55 steps

The Titan Missile Museum is the only remaining Titan II site open to the public, allowing you to re-live a time when the threat of nuclear war between the U.S. and the former Soviet Union was a reality.

The Titan II was capable of launching from its underground silo in 58 seconds and could deliver a nine megaton thermonuclear warhead to its target more than 6,000 miles (approximately 10,000 km) away in less than thirty minutes. For more than two decades, 54 Titan II missile complexes across the United States stood "on alert" 24 hours a day, seven days a week, heightening the threat of nuclear war or preventing Armageddon, depending upon your point of view.

	<p>Option 2 Pima Air & Space Museum (groups over 20 need to do group reservation)</p>
---	--

This institution is totally dedicated to the preservation of the history of flight, be it commercial, military, or even interplanetary. The **museum** opened in 1976 with just 75 aircrafts **and** has now grown to have more than 250 on display. A recent addition is the Northrop F-5B "Freedom Fighter." Be prepared to spend the entire day if you, or someone in your party, is an aircraft buff. The exhibits on the floor here rotate.
